INTRODUCTION

Introduction & Purpose

The Preserved Aircraft in Poland – Directory is intended to provide detailed information's of all the airplanes and helicopters preserved or otherwise displayed in museums, private collections, monuments, gateguards and advertisements in Poland. The registry ranges from World War I era planes to the modern design. However it does not include any data about any modern aircraft which are still in service.

Format

The Poland Historical Airplane Register is organized by Voivodeship (province) and city or town as follows.

VOIVODESHIP

CITY OR TOWN

Aircraft Model	Operator	Notes and/or location
----------------	----------	-----------------------

Operator denotes the original manufacturer (country) and various users, using three letter country codes.

Additional information about a particular aircraft is often included in footnotes.

Often, if there are a large number of airplanes on display in a particular town or military post, sublistings are also provided, organized by location - museum, building, road, etc.

Sources

The Poland Historical Airplane Register is compiled from a number of sources. Firstly, the register is an expansion of my web www.militarnepodroze.net Some of the other notable online sources include the websites <http://www.sanko.wroclaw.pl/> <http://www.lotnictwo.net/> <http://www.airfoto.pl/> and www.lotnictwo.jpe.com.pl/ The persons who noticeably helped doing this register are **Paweł Kupisz, Piotr Michno, Łukasz "Lupac" Pacholski, Andrzej Wrona, Jacek Kula, Dariusz Kieś, Łukasz Tomaszewski, Przemysław Pawłowicz, DaSk, Krzysztof Spólnicki, Jacek Wójcis, Wojciech Zaremba, Miłosz Rusiecki, Andrzej Tatarek, Piotr Szklarkowski, Otger van der Kooij, Adam Pękala, Łukasz Sawicz, Stanisław Cichoń, Tomek Sobczak, Paul J. Gross Michał Szafran and Thomas Girke.**

All pictures in The Poland Historical Airplane Register are property of the their owner and nobody could use it without permission.

A large number of contributors, many of which are credited throughout the registry, have provided invaluable information.

If you have any comments or corrections, please send them to Łukasz Sambor at polar123@poczta.fm or simply post to the <http://www.militarnepodroze.fora.pl/> .
